

Class Safety Procedures

Revised – 28 August 2021

General Safety

- 1. We are complying with our host golf courses, park and recreation departments, cities, county, and state as we determine our safety policies.
- 2. Coaches, staff, parents, and participants are not allowed to attend class if they are sick, show any signs of illness, or have been around a person tested positive with COVID-19.
- 3. Any individual believed to have been exposed should contact their doctor, get tested, and self-quarantine at home following the SC County Public Health QUARANTINE Steps.
- 4. Any individual who tests positive for COVID-19 or is symptomatic and awaiting test results should follow the Santa Clara County Public Health ISOLATION steps.
- 5. See SC County Public Health <u>Home Isolation and Quarantine Guidelines</u>.
- 6. We will likely continue to use one entrance and exit point at Rancho del Pueblo Golf Course separate from the public entrance point.
- 7. All participants, parents/guardians, coaches and staff are required to bring and wear a mask or face covering.
- 8. Please be on time. Given safety protocols, we must be especially disciplined.

Check-In

- 1. The check-in line will have separate lines for each class and require people to stand 6ft apart (follow designated colored dots on ground).
- 2. Parents may not enter the FTSV gate or be anywhere on the RDP patio or close to their child's class. We encourage parents to wait in their car until the class is over.
- **3.** Parent/guardians must be present along with their child to sign-in and sign-out <u>unless</u> your child is qualified and marked as "self-check in"
- 4. Hand sanitizers will be available at the check-in table while supplies last. Participants are encouraged to apply sanitizer (unless allergic) at the check in table prior to joining their group.
- 5. After checking in, Instructor will direct participants to their group location and stand on the colored dot.

Warm-Up

- 1. Participants must stay in their separate groups (Part 1 and 2) from check in to check out.
- 2. Warm-ups will include activities, and exercises that practice physical distancing and no physical touching (i.e., high fives, handshakes, knuckle bumps, etc. will not be permitted).

Practice Area Classes

- 1. Class sizes will be limited to 16 participants and under to ensure physical distancing.
- 2. Participants will not share tees, scorecards, pencils, ball markers, and golf balls. Coaches will display them and ask participants to keep the items and not return the items used.
- **3.** At the practice area groups (i.e., PLAYer Part 1) will be divided into two, one group will go to the driving range and one to the putting green to reduce the number of participants at each venue. Participants will partner up in teams no larger than 2 to ensure physical distancing.
- **4.** Participants will be spread out by 3 yards while playing the games and maintain 6ft in separation when not playing the games. Cones and colored dots will be available to stand on when forming a line.
- 5. Participants & coaches use air high-fives and waives instead of high fives or handshakes
- 6. Participants will use putter on putting green and club on range to move golf balls.
- 7. Participants will use the sanitizer (unless allergic) after handing over their club.
- 8. After sanitizing, participants will stand next to a cone 6ft apart to avoid groups forming.
- 9. We will clean shared clubs & equipment as needed.
- 10. Safety signs will be present at the practice facilities.

Golf Course Classes

- 1. Participants must remain 3 yards from each other during the round
- 2. No handshakes pre or post round. Replaced by a bow, thumbs up, or an air high-five

Wrap-Up

- 1. Wrap-up discussions will take place in their separate groups, 6 feet apart.
- 2. Review sheets can be downloaded on our Participant Private Page. Password = Class21

Check out:

- 1. Lead Instructor checks out their small group by walking them back to the check-in area.
- 2. Instructors will field questions at the question table (next to the check-out table) after everyone checks out. Everyone must stay 6 feet apart.

Home Isolation & Quarantine Guidelines

Santa Clara County

Isolation and Ouarantine Steps for People Before and After COVID-19 Diagnostic Test Results

There are a number of reasons why you may need to be tested for COVID-19: (1) because you have symptoms of possible infection, (2) because you were in close contact with someone who was infectious with COVID-19, or (3) because you are in a job that recommends or requires testing. The directions below will help you to determine what you should do while you are waiting for your diagnostic test results, and what to do after your test results are available.

What to do while you're waiting for test results:

(1) If you have any COVID-19 symptoms*, follow the Isolation Steps while you are waiting for results.

**COVID-19 symptoms include:*

- Fever or chills Cough Shortness of breath or difficulty breathing Sore throat
- Muscle or body aches Fatigue Nausea, vomiting, or diarrhea

(2) If you have no symptoms but were in CLOSE CONTACT with a person who was infectious with COVID-19, follow the Quarantine Steps while you are waiting for your test results.

(3) If you do not have COVID-19 symptoms and are not a close contact, you just need to wait for your test results. You do not need to follow Isolation or Quarantine Steps.

What to do after you get your test results:

If you test COVID-19 positive, follow the Isolation Steps.

If you test negative AND:

1. You were a close contact of a COVID-19 positive person \Rightarrow continue to **follow the** <u>**Quarantine Steps.**</u>

Headache
Loss of taste or smell

CLOSE CONTACT of a COVID-19 positive person = someone who was within 6 feet of the infected person for at least 15 minutes at any time beginning 2 days before the infected person had symptoms or tested positive. Close contacts include people who had 15 minutes of continuous contact with the infected person, as well as people who had repeated shortduration interactions with the infected person. Being considered a close contact does not depend on whether the contact or the infected person was wearing a face covering during their interaction.

- 2. You have COVID-19 symptoms* but are not a Close Contact ⇒ follow Isolation Steps until 24 hours after resolution of fever and improvement of other symptoms (unless otherwise directed by the Public Health Department or a physician to stay home for longer)
- 3. You were not a close contact and have no COVID-19 symptoms \Rightarrow <u>you can resume your regular activities.</u>

Restrictions & Information that Apply to BOTH Home Isolation & Home Quarantine:

Separate yourself from others:

- Stay at home except to seek medical care.
 - Do not use public transportation.
- Do not prepare or serve food to others. •
- Limit contact with pets. ٠
- Separate yourself from others in your home. Do not allow visitors. Do not go to work, school, or public areas.

If you cannot meet the requirements for Isolation or Quarantine, you can call the COVID-19 Support Team at 408-885-3980 to request assistance with housing, food, or other needs.

Prevent the spread:

٠

- Wear a mask and cover your coughs and sneezes.
- Clean and disinfect all "high-touch" surfaces every day.
- Wash your hands often.
- Do not share household items.

Practice homecare:

- Rest and drink plenty of fluids. • Seek medical care if you develop symptoms or your symptoms get worse.
- Seek medical care if you experience: difficulty breathing, inability to keep fluids down, dehydration, orconfusion.
- Call ahead before seeking medical care, notify the provider you are under isolation, and wear a mask at all times.

¹If you are 60 years or older or have a condition such as heart, lung, or kidney disease, diabetes; high blood pressure, or a weakened immune system, you are at higher risk of getting more seriously ill.

²Workers with special quarantine considerations: Consult your employer if you are considered a first responder or healthcare worker <u>and</u> compliance with the Public Health Department's isolation and quarantine guidance would compromise the continuity of service of your operation or department.
