

Thank You!

Thank you for supporting the First Tee — Silicon Valley's 2022 Open tournament at Cinnabar Hills Golf Club.

Your participation in our fundraiser will help us expand our impact as we develop the lives of young people by providing education programs that build character and instill life-enhancing values through the game of golf.

With proven results, we aim to help our participants become better versions of themselves while enriching the communities around us.

Building Game Changers

We work to actively create a space of belonging for every kid and teen — no matter what walk of life. Your support of the Open will fund our financial aid program providing access to the underserved. We provide active learning experiences that develop inner strength, self-confidence and resilience that kids can carry into everything they set out to accomplish.

Contact us at 408-288-2937 or info@ftsv.org if you would like to help us further our mission.

Together, Building Game Changers!

Our kids and teens are facing challenges unseen by previous generations. Many lack access to safe opportunities that foster a culture of acceptance and provide mentorship. They live in a world where social pressures are always on, calm and confidence are hard to access and perseverance is a required superpower every day.

Young people are growing in new environments that are demanding more from them, and therefore more from the First Tee - Silicon Valley and more from the golf community.

Youth Development through Golf

FTSV exists to enable kids to **build the strength of character** that empowers them through a lifetime of new challenges. By seamlessly **integrating the game of golf with life skills curriculum**, we create learning experiences that build inner strength, self-confidence, and resilience that kids carry in everything they do. With the belief that **ALL** kids deserve the chance to grow in a supportive environment with mentors guiding them, we are dedicated to building golf programs that are accessible, welcoming, and as impactful as they are fun.

Who You Will be Helping

FTSV on-course participants are:

- 89% racially diverse and 27% Teens
- 80% achieve all A's and B's in school
