

## **Golf Course How-To-Guide**

Description – Playing golf should be fun. We are here to help you navigate the process of setting up a tee time, knowing the golf course options, and knowing the golf course etiquette. If you have any questions please contact us at [reg@ftsv.org](mailto:reg@ftsv.org) or call 408-508-4880 or reach out to your instructor.

### **1. Making a Tee Time:**

- A tee time is a reservation that is needed to play on the golf course.
- Golfers are expected to make/reserve a tee time in advance (1-7 days before playing).
- To reserve a tee time, please call the proshop (proshop number is listed on the golf course website) and ask "I would like to make a tee time at (time of day) on (what day) for (number of players)." They will confirm the tee time and the payment will be expected when you check in before the round at the proshop.
- You can also book a tee time online by visiting the golf course websites.
- If you are playing without a family member or friend, the golf course may pair you up with a member of the public.
- The max amount of people per group is 4.
- When showing up to your tee time, please arrive a minimum of 15 minutes before your scheduled tee time.

### **2. Discounted Course Fees**

- Golf courses have many different rates –
  - Regular adult rates
  - Weekday vs weekend rates. Weekend rates are higher.
  - Twilight rates - tee times set in afternoon = cheaper for adults)
  - Junior rates - each course has a different rate & set time when they allow juniors to play. Please call the proshop for specifics.
  - All rates are posted on each course's website under "rates."
- FTSV discount card rates –

- provides a discount card for participants to play Los Lagos GC, Rancho del Pueblo GC, and Gavilan GC for \$5, and Baylands Golf Links for \$10.
- The participant must have the actual active card and present it at the proshop for the discount to be applied.
- NCGA Youth on Course rates -
  - Signing up for Youth on Course provides discounted course fees (\$5 or less) at over 1,200 golf courses.
  - YOC also provides a database for tracking scores and developing a handicap index. Handicap index allows golfers to play a fair match against another golfer in a tournament, and is a requirement to participate in select tournaments.
  - Click [here](#) to register. Membership through TFTSV - \$25.
- Golf courses charge a fee if the tee time is cancelled within 24 hours.

### **3. Chaperones:**

- Players can play by themselves and do not need to be accompanied by their parent/guardian.
- Each golf course has their own chaperone rules. Please call the proshop to inquire and learn about their respective rules.
- If you are allowed to chaperone, please keep a safe distance.

### **4. Golf Course Play:**

- Necessary items for a golf course include
  - multiple golf balls
  - tees
  - clubs (minimum 2 clubs maximum 14)
  - golf bags
  - ball marker
  - ball mark repair tool
  - scorecard (free and optional)
  - a pencil (free and optional).
  - The pro shop sells all of those items if you need them.
  - Other optional items include a golf glove and golf shoes.
- Each hole should take 8-12 minutes to complete.
- Most rounds at RDP takes around 1.5 to 2 hours to complete 9 holes.

- Longer courses should take between 2 and 2.5 hours to play 9 holes.
- Follow order of play - person furthest away from the golf hole plays first until all golfers have holed out.
- Place your golf bag off of the putting green and towards the next tee so you don't have to walk back across the green and potentially hold up the group behind you.
- If you hit it in the water, drop the ball in the adjacent grass and add 1 stroke to your score.

### **5. Golf Course Play for Beginners:**

\*Recommended tips for novice golfers playing for fun & to gain experience.

- Bump ball – If your ball is buried in its own ball mark you can drop your ball on the grass (from knee height).
- Place & putt (unofficial rule) – You may pick up and place your ball two big steps (2 yards) away from the hole if you are not on the putting green after double par. For example, on a par 3 if you are not on the putting green in 6 shots you get to “place & putt.” This is not allowed if your round is counting towards a tournament, but for fun it makes sense to keep the pace of the round moving.
- If the player is having a really difficult hole, please pick up your ball after 10 shots and move on to the next tee to keep pace of play.
- Most importantly, have fun!

SCORER _____ ATTEST _____ DATE _____																										

- Keeping score is optional
  - Each golf course has their own scorecard with the different starting points, where you can put in your score for each hole
  - Do not count your score after each hole while standing on the putting surface as it slows up play for the group behind you. Count the scores on the next tee.
- What is Par?
  - Par is what you should get on a hole if you are an expert golfer.
  - Over par refers to how many shots over the par it took you to complete the hole.
